MAKES MOVING EASY

Worried you'll break your glassware?

Prevent scratches and breakages by wrapping your glassware in clothes (hot tip: stemware fits in socks)

Don't waste hours untangling your cords!

Snap a photo of your electronic set up to use as a reference when connection your electronics in your new home! Interweaving cables is a nightmare.

It's moving day and you're stuck in bed with a sore back.

Don't let this be you! Avoid lifting boxes. Roll your belongings into your new house by packing heavy items in suitcases.

Eek! A huge scratch on the new floorboards...

Place magazines underneath your furniture so you can slide it across the floor.. and avoid the heavy lifting!

Freaking out about feeling frazzled on your first night?

Label and colour code your boxes so you can identify the contents at a glance.
